

Entry Level Part-Time Position

DIAG Studios is seeking an undergraduate or graduate student for part time work during the academic year. Hours may range from 2-12 hours a week. Hours are flexible and work may be done remotely. Potential for full time hire over the summer.

DIAG Studios delivers innovative and creative architectural solutions focusing on institutional, commercial, and single-family and multi-family residential projects.

Student should be interested in participating in all aspects of an architectural practice ranging from design through construction administration.

Archicad proficiency desired, however training will be provided. Student should be proficient with Adobe Suite and Microsoft Office software.

DIAG Studios is willing to supervise for NCARB hours, GBCI hours, etc.

Please contact Marcy Giannunzio for more information.
