

Project Architect: Kerns Group

Do you want to be part of exciting, well-designed projects, to be challenged by significant project responsibility, and to work in a team setting with talented people?

Architects in our firm participate in all project phases, work in a team setting, and develop individual strengths. We emphasize an attitude of service to others, develop staff with abilities in all phases, and expect reliability in performance of project responsibilities. Kerns Group is the place for you if you are interested in an opportunity to grow, and would like to work with others seeking excellence.

Skills & Qualifications:

- Proficiency with Revit & AutoCAD is required MS Office, Adobe CC, SketchUp, Rhino, Maxwell
- Architectural Degree from an accredited school of architecture
- 5-10 years of experience

KERNS GROUP ARCHITECTS is a full-service architecture, planning and interiors firm established in 1974 to emphasize service and design quality. Forty-three years later, we still provide clients with personal attention as we search for creative, yet practical, solutions to real architectural problems. Providing a full range of design services in a wide variety of building types, we have acquired a regional reputation for innovative, contextual, and meaningful design.
